

DIRECTIVE (2026-01)

From the Worshipful Master

King Solomon Lodge No. 6, F. & A. M.

Gallatin, Tennessee

Date: April 27, 2026

To: All Officers, Members, and Brethren of King Solomon Lodge No. 6

Subject: Immediate Directive – Full 501(c)(10) Compliance and Mandatory Policy Adoption

Brethren, It is my solemn duty as your Worshipful Master to issue this directive on a matter that directly affects the continued good standing and future of King Solomon Lodge No. 6. The 501(C)(10) tax-exempt status saturates our entire operation and every account we hold. After it was revealed to me that we were not compliant with 501 (C)(10) Rules and regulations of these agencies: IRC, IRS and Treasury Department, I issued an order to our Treasurer to research and create a report and policies that will keep us compliant. The Treasurer's comprehensive review has revealed potential issues with our social media and marketing activities, definite issues with our Banking accounts, and most significantly, issues with our Charity Account and its associated processes.

In order to protect the Lodge and secure our tax-exempt status and our CHARTER for generations to come, I directed the Treasurer to identify the best methods to bring us into full compliance. The resulting report has been completed, thoroughly reviewed, and received a unanimous vote to recommend by the Jurisprudence Committee, the Board of Trustees (those who attended), several stationed officers and several Past Masters. Effective immediately, and by the authority vested in me as Worshipful Master of King Solomon Lodge No. 6, I hereby order the temporary adoption and full implementation of the following policies:

Charity Accounts Policy

Banking Accounts Policy

Social Media and Marketing Policy

These policies are now in full force and effect. Compliance with federal law is not optional, it is mandatory. While I fully recognize that these changes may be a hard pill to swallow for some (including those of us already aware), we have no choice but to follow the law and protect the Lodge. As Masons, we have always stood for integrity and lawful conduct; we will continue to do so.

The complete policies, along with the Treasurer's report and specific implementation instructions, will be distributed immediately to every member with this directive via email, text message, and any other rapid-communication methods available. A printed copy will also be distributed at the next stated meeting on May 7, 2026 for those who did not receive the information. This should give ample time for members to be made aware. I expect a vote for full adoption of the policies at the June stated meeting. It is simply too important to get back into this same issue down the road when we could have simply been following a policy and process that protects us and keep us in compliance all along

I ask each of you to receive this directive in the same fraternal spirit in which it is given and to extend your full cooperation, understanding, and support during this necessary period of adjustment. The integrity of our Lodge and the preservation of our tax-exempt status and CHARTER now depend upon our collective action. I have every confidence that the brethren of King Solomon Lodge No. 6 will rise to this occasion, as we always have.

Fraternally and sincerely yours,

Robert E. Pollard jr.

Worshipful Master

King Solomon Lodge No. 6, F. & A. M.
